Vol. 163 *WASHINGTON, Friday, March 10, 2017* *No. 42*

Congratulating Top Schools in the First Congressional District of Georgia

HON. EARL L. "BUDDY" CARTER

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Mr. Speaker, I rise today to acknowledge the academic accomplishments of several school systems in Georgia's First Congressional District.

Niche is a website, which analyses data gathered from the Department of Education that focuses on academics, student life, test scores and college enrollment. With this data, Niche ranks each school system and helps families find the best schools for their children.

This year, Georgia's First District had the honor of placing 10 school systems in Niche's top 100 school districts in Georgia. It comes as no surprise to me so many of our outstanding school districts made this great achievement.

Camden County's school district ranks as the top school system in the district and even cracked the top 10 for the state, ranking as the number 7 overall school system in Georgia. Camden County scored top marks in the categories of diversity, teachers, health and safety, administration and sports.

In addition to Camden County, I am proud to recognize today the other school districts that reached the top 100: Pierce County, Lowndes County, Ware County, Effingham County, Glynn County, Bryan County, Bacon County, Echols County, and Chatham County.

Congratulations to each school's administration, teachers and students whose hard work and dedication made this accomplishment possible. I look forward to the future success that will surely come from these schools.

Earl L 'Buddy' Carter

Thank you, Mr. Speaker. I yield back.
