

Mary Lee Clark K-Kids Celebrate Arbor Day

Students at Mary Lee Clark Elementary certainly have a heart for the environment. Recently, the MLCES Go Green/K-Kids hosted an Arbor Day celebration and invited local dignitaries to join them as they planted a River Birch tree on the grounds of Mary Lee Clark. The celebration was completely student led and featured speeches about the history and significance of Arbor Day and even included an Arbor Day proclamation by St. Marys Mayor John Morrissey. The future looks brighter when we know concerned kids are already planting the seeds of tomorrow.
