

## **Responsibilities of Media Specialists**

The Camden County Schools shall adhere to the functional description of the responsibilities of media specialists as identified in the Georgia Board of Education adopted Roles in Media Program Development: School and Community.

Media specialists are available at each school to maintain the material and equipment collections and to assist with instructional activities. The basic goal of each media center is to provide instructional support and enrichment for the school curriculum while meeting the needs of individual patrons. Some specific responsibilities are listed in the Camden County job description for media specialists.
